SCHEDULE 3

Regulation 8(b)

REQUIREMENTS FOR WORKING PLATFORMS

PART 1

REQUIREMENTS FOR ALL WORKING PLATFORMS

Safety on working platforms

5. A working platform shall –

(a) be of sufficient dimensions to permit the safe passage of persons and the safe use of any plant or materials required to be used and to provide a safe working area having regard to the work being carried out there;

(b) possess a suitable surface and, in particular, be so constructed that the surface of the working platform has no gap –

(i) through which a person could fall;

(ii) through which any material or object could fall and injure a person; or

(iii) giving rise to other risk of injury to any person, unless measures have been taken to protect persons against such risk; and

(c) be so erected and used, and maintained in such condition, as to prevent, so far as is reasonably practicable -

(i) the risk of slipping or tripping; or

(ii) any person being caught between the working platform and any adjacent structure.

Schedule 3, Part 1 states that a working platform must be constructed so that there is no gap through which any material or object can fall
